

NAKKA NARENDRA

PRINTING & PACKAGING DEVELOPMENT LEADER

Bengaluru, India · +91 99596 14080 · nnarendra867@gmail.com · [LinkedIn](#) · [Portfolio](#)

PROFESSIONAL PROFILE

Printing & Packaging leader with **10+ years** of experience spanning packaging development, print production, prepress, colour management and quality assurance across diverse applications. Currently **Lead – Printing at Ennoventure Technologies**, driving artwork feasibility, prepress validation and print/authentication quality for **50+ global brands**. Combines print production and QA expertise with strong process, quality and vendor management capabilities.

CORE EXPERTISE

Packaging: Packaging Development · NPD · Cartons · Labels · Flexible Packaging · POSM · Sustainable Packaging

Printing & Prepress: Offset · Flexo · Gravure · Digital · Artwork Validation · Prepress · Colour Separation · Print Feasibility

Colour & Quality: Pantone · CMYK · L*a*b* · Delta-E · Spectrophotometry · Shade Cards · QC/QA · CAPA · SOPs

Secure Packaging: Anti-Counterfeit · Brand Protection · Serialization · Print Authentication · Encryption Patterns

Digital & Tools: X-Rite (i1 / eXact) · GMG ColorProof · Pantone Connect · Adobe Creative Suite · Ennteract · ERP · Jira · Confluence

PROFESSIONAL EXPERIENCE

Ennoventure Technologies Pvt. Ltd. — Bengaluru, India

Lead – Printing

Dec 2024 – Present

- Lead secure-packaging print development and validation across offset, gravure, flexographic and digital processes for **50+ global brands** across diverse packaging applications.
- Own artwork feasibility and prepress validation for **300+ artworks**, covering Pantone/spot vs. CMYK compliance, colour separations, dimensional requirements and encryption-pattern readiness before production release.
- Drive **colour management and print consistency** through Pantone matching, Delta-E control, spectrophotometric L*a*b* evaluation and ink-formulation recommendations to converters.
- Validate print and authentication performance through **300+ printed-sample tests**, including anti-counterfeit robustness checks across original, photocopy and 300/600/1200 DPI scan conditions.
- Coordinate **30+ global print vendors** across **20+ print trials** and production runs, resolving pattern distortion, scan failures, colour mismatches and ink inconsistencies.
- Improved first-pass artwork/prepress approval to **~98%** and reduced colour-related rejections and rework by **~95%** through tighter prepress validation and colour-control practices.
- Partner with R&D, Product, Data Science and Customer Success teams to develop **SOPs, prepress guidelines and technical reports**, with activities tracked in Jira and documented in Confluence.
- Lead **knowledge transfer and training** for **10+** delivery and Customer Success team members, supporting consistent execution of printing and packaging validation processes.

Printing Senior Associate

Dec 2023 – Nov 2024

- Managed prepress validation, print-trial coordination and vendor interactions for secure and encrypted packaging projects.
- Identified and resolved print-quality issues including pattern distortion, scanning errors and colour mismatches, and prepared technical assessments and recommendations.
- Supported artwork feasibility evaluations and colour-compliance checks, contributing to prepress guidelines and consistent print-readiness ahead of production.

Sukee Print Pack — Kanakapura, Karnataka, India

Packaging Development & QA In-charge

Feb 2022 – Dec 2023

- Led **packaging development and QA** from material and structural selection through print trials and final approval, supporting diverse packaging requirements across **14+ brands**.
- Developed **10–20 packaging formats/SKUs per month** across POSM and printed formats — dangles, wobblers, shelf strips, leaflets, posters, mono/display/unit cartons, labels and E-flute packaging.
- Oversaw **prepress and colour-quality activities** across **20+ monthly print jobs and trials**, including colour separations, artwork accuracy against brand guidelines, shade-card preparation and vendor colour standards.
- Managed a **10-member packaging development & QC team** and coordinated with Marketing, Sales, Design and Operations to achieve **~95% on-time dispatch** while ensuring regulatory and safety requirements.

- Supported packaging development for brands including **MTR, Eastern, Smoor, Nandus**, Wipro, Premier, Jockey, Ramraj, Van Heusen, Nykaa, Enamor, Titan, Yardley, Bio Plus and Ultra Laboratories.

Printing & Packaging Quality Executive

Aug 2019 – Feb 2022

- Established and managed **QC procedures** across multi-colour offset/UV presses, lamination, punching and pasting operations.
- Implemented **in-process quality testing protocols** and NC/CAPA corrective actions, analysing quality data and sustaining a **~85% first-pass rate**.
- Performed **incoming, in-process and finished-goods inspections** against specifications, coordinating with production and vendors to resolve deviations before dispatch.
- Trained **production-floor personnel** on QC procedures and maintained inspection documentation and audit records.

Sri Lakshmi Narayana Book Binders Pvt. Ltd. — Hyderabad, India

Quality Control Executive

Apr 2016 – Jul 2019

- Inspected and sample-tested incoming materials and finished products, including ITC notebooks, against defined specifications and quality requirements.
- Reviewed blueprints, production plans and job cards, verifying dimensions, specifications and product functionality through in-process and finished-product inspections.
- Identified and controlled non-conforming materials and products, making hold/reject decisions based on specification compliance and maintaining in-process inspection checklists and quality reports.
- Supported corrective and preventive actions on recurring quality issues and maintained inspection records for internal quality audits.

DIGITAL TRANSFORMATION PROJECTS

Designed and deployed **10+ internal tools** that digitised printing/packaging QC, prepress and reporting workflows — four flagship projects:

- Print QC Management Portal** — replaced manual Excel-based shade-card and QC tracking with a centralized platform for shade-card & product-master lifecycle, QC inspections and analytics (Pantone/CMYK/L*a*b*/Delta-E capture).
- Prepress Image Comparison & Validation Tool** — automated vendor-vs-master artwork validation with pixel-level difference maps, comparison scorecards, an approval workflow and audit logging; **100+ artworks** processed.
- Jira Analytics & Reporting Automation** — cut a 4-hour manual reporting task to ~10 minutes (**~96% faster**) via a single CSV-upload workflow, automating Jira analytics and bulk reporting.
- Automated Print & Colour QC Workflows** — digitised recurring colour and print-quality activities with structured Pantone/CMYK/L*a*b*/Delta-E recording and automated QC and status reporting; **25+ hours/month** saved.

Additional automation: QR sample tracking · production documentation · KPI dashboards · artwork analysis · print-ready file conversion.

EDUCATION

B.Tech, Printing & Packaging Technology — Guru Jambheshwar University of Science & Technology, Haryana	2019
Diploma in Printing Technology — Government Institute of Printing Technology, Secunderabad	2016

ADDITIONAL

Industrial Training (Implant Training)

- KL Hi-Tech Secure Print** — Security Printing, 2015: prepress, artwork & colour separation, CTP and plate exposing, pressroom controls & 5S.
- AGI Closures** — 2016: injection moulding, plastic printing, dry offset, pad and screen printing.
- Vaaritha News Network** — 2017: web offset printing, prepress & colour management.
